I.T. Technician

65 percent of working age Americans who are legally blind are not working. We're trying to do something about that. Beyond Vision creates employment and opportunity for people who are blind or visually impaired through our growing service and manufacturing facilities. We are seeking a talented I.T. Technician to join our team.

This skilled professional will report directly to the I.T. Manager and is responsible for providing technical assistance and support related to computer systems, hardware, and/or software. He/she will respond to queries, run diagnostic programs, isolate problems, and determine and implement solutions.

We Require

- Strong customer service and troubleshooting skills. A sense of urgency when working to resolve issues impacting our customers.
- Ability to communicate technical information, both verbal and written, to a wide range of end-users
- 2 years+ experience working in Windows.
- Education and formal training in IT is preferred.

We offer:

- Competitive compensation and benefits package.
- A culture that values delighting our customers, constant improvement, and fun!
- Over all, the opportunity to help create jobs and upward mobility for people who are blind or visually impaired.
