

Marketing Position (Content Management & Pricing)

*70% of Working-Age Americans Who Are Blind Are Not Working
Use Your Marketing Prowess to Help Us Do Something About It!*

This opportunity, working closely with the Marketing leader as well as other team leaders and support personnel, is primarily responsible for developing, managing and delivering marketing content across Beyond Vision's commercial and government channels. This exciting position is also responsible for coordinating with E-Commerce & government services staff, team leaders and support personnel to develop, manage and implement strategies.

We require:

- Bachelor's degree in marketing or any related field from an accredited institution preferred.
- 5 to 10 years of experience in message development and content delivery with a successful background in social media marketing platforms.
- Effective data analysis skills with the ability and willingness to continually improve while contributing to internal process improvement.
- Effective project management skills and the ability to lead internal and external partners toward goals and deadlines.

We offer:

- A culture that drives growth for the greater good.
- A defined benefit pension plan.
- Health/Dental Insurance
- Paid Time Off
- Life & Disability Plans
