

Database Administrator Position

*70% of Working-Age Americans Who Are Blind Are Not Working
Use Your IT Skills to Help Us Continue to Run Smoothly to Grow our
Mission of Employing Individuals Who Are Blind.*

In this position you'd act as a liaison between technical and non-technical personnel. This opportunity is responsible for the performance, integrity and security of our databases. You'd also be involved in the planning and development of the database as well as troubleshooting any issues on behalf of the users.

We require

- Knowledge of SQL SSRS and Crystal Reports to create reports and queries and analyze data from our ERP databases.
- Two or more years of ERP implementation, conversion, and upgrade experience
- Strong knowledge of ERP systems in manufacturing and distribution environments preferred.

Technical Skills

- X++ Development (must)
- SQL Server Reporting Services (SSRS) (must)
- Microsoft Dynamics AX experience (highly desired)
- Team Foundation Server (preferred). (Preferred).
- SQL Server Analysis Services (SSAS) (preferred).
- Proficiency in Microsoft Word, Excel, Access, and Outlook (preferred).

We offer

- A culture that drives growth for the greater good.
- A great benefits package that includes retirement, health/dental insurances/and, and paid time off.
- An opportunity to test your technical skills in a challenging systems environment.
